REQUEST FOR CERTIFICATE OF CORRECTION

UNDER 37 C.F.R. 1.322

Request is hereby made on behalf of the inventors and assignee that hereinafter identified mistakes in the above-identified patent can be corrected by issuance of a Certificate of Correction. Such mistakes occurred as a result of the fault of the Patent Office.

The location of such mistake in the patent, and the dates of the correspondence sent to the Patent Office during prosecution to correct this mistake, are as follows:

- (1) The named inventor of the patent as issued is R. Victor Klassen.
- (2) On Oct. 27, 2003 Applicants filed a Petition for Correction of Inventorship Of Patent Application, adding Mark A. Smith as a second inventor, and including a Supplemental Declaration that was executed by Mark A. Smith on Oct. 7, 2003.
- (3) In an Office communication dated Oct. 26, 2006, Examiner Grant denied the Supplemental Declaration that was executed by Mark A. Smith on October 7, 2003.
- (4) On Nov. 15, 2006, Applicants accordingly submitted, via EFS transmission, a "Response to the Office Communication Mailed on 10/26/2006" which included a new DECLARATION AND POWER OF ATTORNEY FOR PATENT APPLICATION that was executed by R. Victor Klassen on Nov. 15, 2006, and executed by Mark A. Smith on Nov. 14, 2006. (Attached is a copy of the Response and the new

DECLARATION, and a copy of the USPTO EFS Acknowledgement Receipt dated Nov. 15, 2006.)

(5) Within approximately one week of Nov. 15, 2006, the undersigned attorney conferred with Examiner Grant via telephone to confirm that the new DECLARATION via EFS submission identified in para. (4), above, had been received and placed the application in good order for issuance to both inventors (R. Victor Klassen and Mark A. Smith).

(6) Attached is a TRANSACTION HISTORY screen display captured from the USPTO Public PAIR system on Feb. 27, 2007, indicating that the Response and the new DECLARATION identified in para. (4), above, were filed by the USPTO on November 15, 2006.

(7) Accordingly, a request is hereby made on behalf of the inventors and assignee that the naming of the inventor on the front page of the above-identified patent be corrected by issuance of a Certificate of Correction, so as to properly identify R. Victor Klassen and Mark A. Smith as joint inventors. The text of the requested correction is submitted herewith on the attached Certificate of Correction form (PTO/SB/44).

No additional fee is believed to be required for this Certificate of Correction; however, the undersigned Xerox Corporation attorney authorizes the charging of any necessary fees, other than the issue fee, to Xerox Corporation Deposit Account No. 24-0025.

Respectfully submitted,
